## Ideas

As you share your ideas while clustering similar or related notes as you go. Once all ideas have been grouped, give each cluster a sentence-like label. If a cluster is on six sticky notes, try and see if you can break it up into smaller sub-groups.

### TIP

Add customizable tags to sticky notes to make it easier to find, review, organize, and categorize important ideas or themes within your mural.

Use surveys, feedback, interview, or focus groups to assess how your employee feel about their work, their managers, their colleagues and your organization.

## Prioritize

Your team should all be on the same page about what's important moving forward. Place your ideas on this grid to determine which ideas are important and which are feasible.
